WHO WE ARE

AMG was established in 1994 by visionary leaders Ashraf Awad, Ehab Awad, and Nadia Habib, Ava Mina Group has emerged as a formidable presence, commanding a prominent position across diverse industries. With a rich and dynamic portfolio, the group has consistently demonstrated its leadership in sectors such as real estate, manufacturing, and agriculture. Over the years, Ava Mina Group has been at the forefront of innovation and growth, consistently delivering excellence in each of its ventures. By fostering a culture of strategic expansion and embracing emerging opportunities, the group has successfully diversified its operations, leveraging its expertise to create a lasting impact in multiple sectors. With a strong commitment to quality, integrity, and sustainable practices, Ava Mina Group continues to set new benchmarks of success, solidifying its position as a trailblazer in the business landscape.

HOUSING CONTRACTING

In the real estate sector, Ava Mina Group is a leading player in the real estate sector, renowned for its portfolio of meticulously developed projects and iconic towers across Egypt. The group has established dedicated entities, including Ava Mina Olive Tree Real Estate Development and B.F.B Real Estate Development, solidifying its commitment to excellence and innovation. With meticulous planning and architectural finesse, Ava Mina Group continues to shape the real estate landscape, setting new standards for luxury and sustainability.

MANUFACTURING INDUSTRY

Kiromarble stands as a distinguished industry leader, renowned for its exceptional manufacturing and export capabilities in the realm of marble and granite. With a rich history dating back to 2000, Kiromarble operates under the esteemed Avamina Group for housing, contracting, and building. Our state-of-the-art factory boasts cutting-edge machinery sourced from Italy, including industry pioneers such as Simec and Gaspari Menotti.

AGRICULTURE

Furthermore, the group has a significant presence in the agriculture sector through El Maleka & El Amir, which engages in the cultivation of olives, grapes, and production of olive oil sold in the domestic market and exported abroad.

COMPANY PROFILE

KIROMARBLE, founded in 2000 in Cairo, Egypt, is a vertically integrated company specialized in quarrying, processing and application of natural stones and surfaces. With two factories, three stockyards and exclusive quarries in Galala & Sinai, KIROMARBLE is an established company worldwide, with a strong wholesale and export activity. **KIROMARBLE is a key player in innovative surfaces...**

As a prominent manufacturer and exporter of marble and granite in Egypt, Kiromarble is recognized for its premium quality products. Our state-of-the-art factory in Cairo's Industrial Zone for Marble spans 25,000m² indoor and 14,000m² outdoor, equipped with advanced machinery from Italy, including Simec and Gaspari Menotti, and the latest technology to ensure superior product quality. Kiromarble's team consists of **Qualified and experienced experts.**

THE FOUNDERS

Our success story has more than **20 years ago** when two brothers, Ashraf, and Ehab Awad, founded the company. They invested years of effort to establish an **innovative and technologically advanced factory**, making it one of the best factories in Egypt's marble and granite industry. Their obsession with maintaining world-class quality resulted in their product meeting global standards aesthetically and technically.

INTERNATIONAL NETWORK

At Kiromarble, we believe that **nature provides us with perfection**, and it's our job to enhance it. That's why we use our characteristic Egyptian flair and the most advanced technologies available to exalt the features of marble, granite, and stones. Our work is a source of pride, as it comes from long-gained experience and time-honored tradition.

04 FOR QUARRIES

- 2 Loaders
- 3 Excavators
- 4 Dimond Wire machine (Benetti)
- 3 Generators
- 2 Big trucks

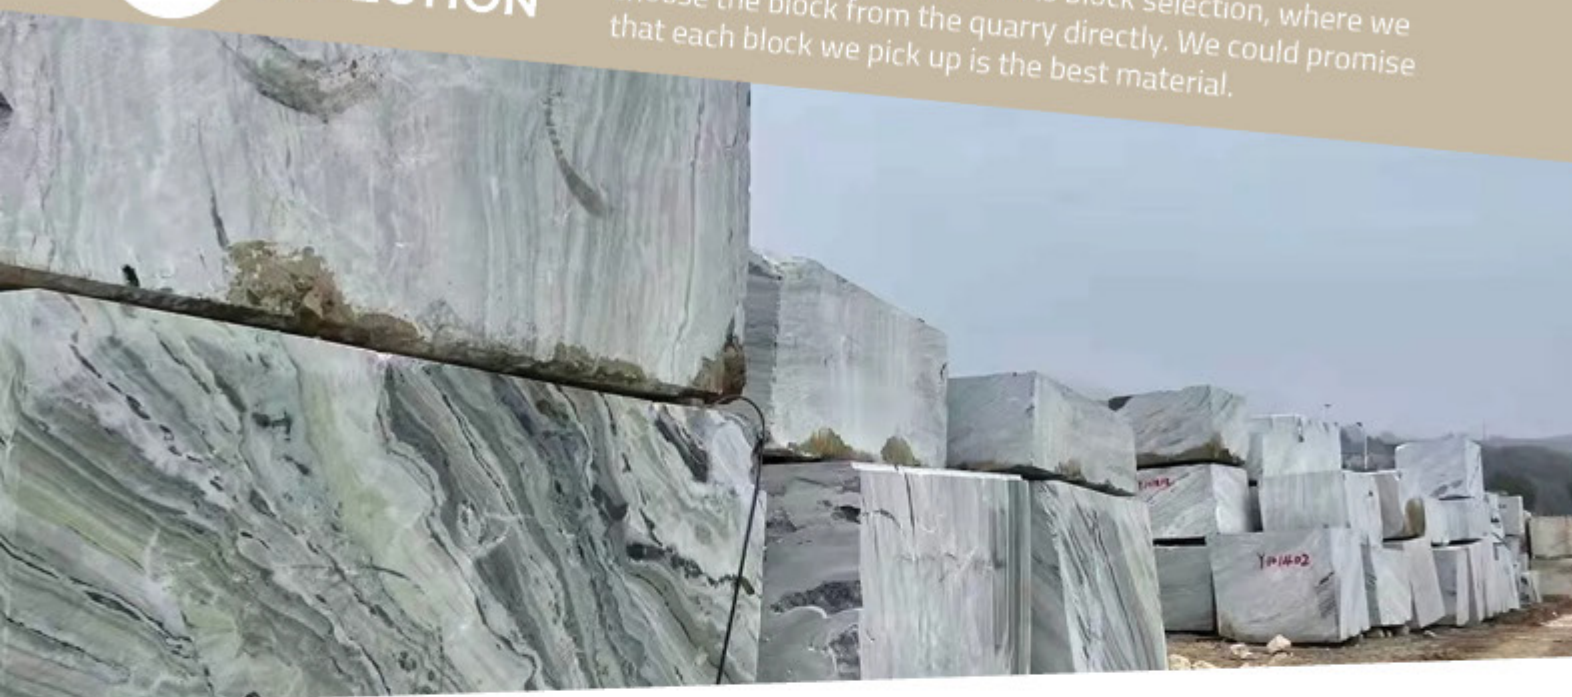

05 FOR GENERAL FACTORY USE

- 6 Gantry Cranes (Michielotto, FAEDO)
- 3 Water Treatment plant
- 6 Overhead Cranes
- 4 Forklifts (Komatsu, MTS)
- 10 Mobile cranes
- 3 Air compressors
- 4 Trucks

MACHINE TYPE	NUMBER OF MACHINES	PRODUCTION PER MACHINE	TOTAL PRODUCTION
GANG SAWS	8	16,000 m ² / month 1,536,000 m ² / year	128,000 m ² / month 12,288,000 m ² / year
POLISHING LINES	5	4,000 m ² / day	20,000 m ² / day
CUTTING MACHINES	10	500 m ² / day	5,000 m ² / day

01 BLOCK SELECTION

The first step of quality control is block selection, where we choose the block from the quarry directly. We could promise that each block we pick up is the best material.

04 POLISH

Quality inspector would follow up every step from the blocks made into polished slabs, ensuring the final polish quality. Slabs which don't meet the standard should be re-polished.

QUALITY CONTROL

02 BLOCK TREATMENT & CUTTING

After block treatment, all of our blocks are cut by modern gangsaws.

05 PACKAGING

High standard bundle is suitable for long-distance ocean and island transportation. Heat treatment and certificate of fumigation are the essential elements.

03 TREATMENT

The polished surface is applied by high quality treatment.

06 LOADING

The last step is container loading. All the bundles would be well positioned and connected according to the exact calculation.
