Premium Quality Products Built to Last

Our electric fireplaces are first-class quality and produced by top of the line manufacturers with a long-life guarantee. Whether you are looking for a built-in electric fireplace that wires directly into the wall, an electric log insert to revitalize an old fireplace, or a free standing electric fireplace in a variety of styles, we offer products that align perfectly with your personal tastes and project the upscale and sophisticated image you have worked so hard to achieve. Our wide variety of styles coupled with premium quality manufacturing techniques makes purchasing a fireplace from igloo the smart choice.

Clean and Green Heat

Unlike traditional wood and gas fireplaces, electric fireplaces are vent-free and smoke free, and offer a zero-emissions heat source. Not only is this healthy for your home, it also prevents the release of carcinogens into the air by fossil fuels and charred wood. At igloo all of our fireplaces are vent-free, require no chimney, and produce no smoke. In addition to the air quality benefits, the reduced use and costs of energy is an overall benefit to the environment and to your wallet!

Heat Where and When its Needed

One of the great things about our wall mounted and linear electric fireplaces, plug in electric fireplaces, mantel packages, stoves and electric fireplace log inserts is the ability to locate or relocate the fireplace anywhere in your home. Chimney free zone heating provided by the ambiance of our electric fireplaces creates immediate and efficient supplemental heat where you need it when you need it. We offer beautiful electric fireplaces in all shapes and sizes, so we are confident you will find the ideal electric fireplace that
