Sedar Egypt

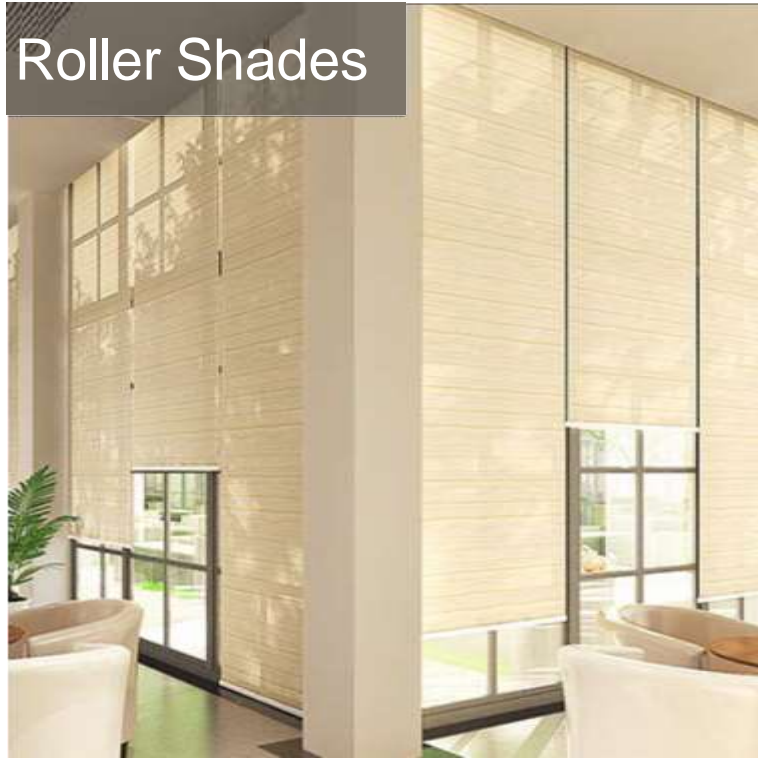

Sedar Egypt started its operations as a franchisee in 2016. It opened its first three-floor flagship store in Cairo Festival City, on an approx. 1,400 msq, the store attracted massive attention globally, as it is the largest fabric and roller blind showroom in the MENA region. Followed by another showroom in Mall of Egypt to reach customers on the west side of Cairo.

We introduced the first curtain and roller blinds making factory in Egypt. Sedar Egypt operates a duplicated model from Sedar Global, using the same high-tech machinery to assure the finest quality to our customers in the Egyptian market and offering the most satisfactory customer journey in our showrooms. We provide the most efficient services for mega projects and interior designers, as we created two outdoor departments to support our B2B sales.
