NO MORE WORRIES WITH OUR  
EXCLUSIVE PROTECTION COATING

## WHAT WE DO

We create state of the art and high-end quality products that we call SINX. SINX speaks for itself in a wide range of washroom or kitchen sinks that are of the highest quality and are handcrafted in Egypt. Our sinks are made of materials like natural marble, rare stones, wood, stainless steel, and polyester cast. They also come in various styles and models and could be customized to meet clients needs. All of our SINX products have a special protection coating to ensure they last a lifetime without scratches or changes in color

## OUR STORY

Having a passion for natural marble and it's precious colors and textures, SINX as a brand started with a client that was looking for a unique and one of a kind sink design with high quality measures. All of our workers are from various areas across Egypt to ensure the process of every product goes under the same quality check to deliver only the best to our client
