Posaluce Metal, our metal table lamp complete with fabric cable, switch and 2-pin plug

Light bulb: With bulb

Finish: Brushed titanium

**Product short description:**

Are you looking for a table lamp that is the perfect reading light to display on a contemporary bedside table? Or would you like a table lamp to add the finishing touch to your studio decor? Posaluce is the table lamp designed by Creative-Cables. The metal version perfectly enhances any setting with simplicity and elegance.

Posaluce Metal offers an extensive range of finishes to choose from: from monochromatic white or matt black metal for minimal and modern interior design, to polished versions (such as copper or brass) to give a touch of glamour to your bedside tables or the brushed finishes for an industrial touch.

Complete with switch, two-pin plug, and an E27 lamp holder, our Posaluce Metal can be purchased complete with bulb, we recommend the transparent G95 Globe Leds with a double-loop curved filament. Alternatively, you can choose from among our assortment of designer bulbs to find the one that best suits you.
