Fermaluce EIVA with Diamond lampshade, adjustable joint and lamp holder IP65 waterproof

Finish: Brass

Light bulb: With bulb

**Product short description:**

Fermaluce EIVA with Diamond lampshade is the waterproof wall lamp designed for those who do not wish to compromise on a contemporary touch even for their outdoor spaces. The essential lines of the Diamond cage lampshade expose the EIVA line lamp holder: the world's first wire-able IP65 lamp holder patented by Creative-Cables, capable of withstanding rain and storms in complete safety.

The lamp is equipped with an adjustable joint that allows it to tilt up to 90° and rotate by 315°: this will make it possible to direct the light wherever you want according to your needs. Thanks to the IP65 rated protection, this wall lamp will also be perfect for illuminating the bathroom in complete safety: the perfect functional lighting that does not compromise on aesthetics!

The Fermaluce EIVA adjustable lamp with Diamond lampshade can be purchased without bulb or already complete with a decorative clear Led Globo G98 short filament bulb.

**WARNING:** The EIVA lamp holder is designed for glass LED light bulbs only and has been tested as compatible with the

A60, ST64, G95 and G125 bulb shapes that guarantee rating of IP65 protection.  
The compatibility range is being extended and is currently being tested.

*Each Creative-Cables lamp is designed, and assembled in Italy and is tested and CE certified by independent laboratories according to the strictest regulations in force: one more reason for choosing Creative-Cables quality.*
