Fermaluce Metal, metal wall light with Tub-E14 and bent extension

Light bulb: With bulb

Finish: Brushed copper

Product short description:

The Metal Fermaluce was designed with Tub-E14 to create a spotlight with an E14 light bulb: it's the perfect wall light to illuminate a minimal interior.

This wall light with bent extension is a perfect lighting solution for a reading spot or as a bedside lamp, but also looks great in bars and cafeterias to create a unique atmosphere.

Choose the color of the components of your final lamp in order to best match your interior. The lamp can be purchased without a light bulb or with a LED E14 A45 light bulb as an accessory.
