Accessories for Tub E14 metal lampshade connection

Product short description:

Tub E14 is the ideal metal lamp shade for all spotlight lovers.
 Thanks to the Tub E14 lampshade connection kit, you have even greater configuration options, for creating a customised lamp that is sure to meet your needs!

The accessory kit includes two connecting brackets which will enable you to easily connect the number of lampshades you desire serially, while also customising the sequence of finishes to your liking and taste!

Remember: each Tub E14 lampshade is equipped with a double lamp holder ring, so, if you want to join two or more lampshades you will have to remove the ones you will not use.
