## S14d LED linear golden light bulb - 1000 mm length 13W Dimmable 2000K - for S14 System

### **Product short description:**

Tube light bulbs are a beautiful source of light that, thanks to the use of contemporary long-lasting energy-efficient LEDs, are experiencing a renaissance.

This 100 cm long S14d linear golden light bulb is perfect for illuminating many types of interiors and ideal to be combined with the S14d Syntax® lamp holder.

Create special light effects by installing it on wall or pendant lamps in combination with the other LED S14d fitting bulbs available in our catalogue: play with geometric shapes by choosing among the bulbs from the Led Art line or create contemporary designs with the other linear bulbs available in 3 sizes and four finishes.

Warning: To dim LED bulbs we strongly recommend using the latest generation of universal dimmer available on our website as either wall or inline options.

### **Product description:**

Light bulb type: LED

Shape: linear  
Fitting: S14d  
Diameter: 30 mm  
Length: 1000 mm  
Volt: 220/240  
Watt: 13W  
Energy efficiency class: A  
Colour temperature: 2000 K  
Lumen: 720 Lm  
Adjustment: dimmable

Our bulbs with straight filament can work with all DIMMERS (TRIA or IGBT), while for curved filament bulbs, IGBT dimming is highly recommended.

For the choice of the dimmer: in addition to the maximum power of the user, the minimum power must also be considered, because when the regulated power is lower than the minimum rating, the user can "flicker" and / or be damaged
