Applique

They are made of glass like mosaic and it uses pieces of colorful glass on a plain glass background, so that light and color can shine through your finished piece; appliqués are not all the same, they can be whatever you want.

Arabian Design

It's a glass made style; a style in which its rich combination of the Islamic, Moroccan & Mediterranean styles with a dash of the transitional style of Modernism. Each one of these has characteristics of their own, but when they come together, they can make something completely unique & different.
