TABLE

An elegant dining experience is curated by the Portofino collection, exquisitely designed by Italian expertise. Meticulously blending different materials for your selection to present your unique taste, the natural veneer of the portofino dining table top with the metal accents, matched with the firenze dining chairs' velvet upholstery, create an unmatched elegance.

FIRENZE CHAIRS

The smart stylish dining chair is a representation of your own taste, designed to assist you through events and gatherings. This chair comes with limitless options of personalization, as you get to choose from our chair design variation, as well as your preferences of textiles and color palette. We also offer a diverse leg material selection in order to truly personalize this work of art.

The unique Portofino dining furniture comes with a contemporary twist, adding creativity to your space and grabbing the attention of your guests. The comfort of the chairs, complemented by the uniqueness of the dining table and lighting set, reflect the Portofino identity of mixing diverse materials. Pieces of art that include wood, metal, marble and fabric, the colors also blend delicately, while our geometric carpet perfectly frames it all together. A dining experience does not pass unnoticed when your tasty food is in the company of a tasteful setup.
